

Thank you for your enquiry about holding your wedding at The Spotted Chook and Amelies. We have enclosed some general information and pricing for your perusal. We hope this covers most of the preliminary questions you might have. We would be happy to prepare an individual quote if this preliminary information has you thinking that The Spotted Chook is the place for you!

Our guest dining and living areas, together with the gallery space make a great spot for a celebration. We can set these up with formal dining tables or more cafe style if you are choosing a cocktail style wedding. The areas can be decorated very simply or more elaborately as you choose. Please feel free to discuss options with us. The Gazebo provides the ideal spot if you wish to get married on the premises, with views across the valley and an excellent place for photographs.

Our wedding (and other) food can best be described as modern Australian, with both Asian and French flavours. If there are food types that you require we will do our best to accommodate them.

On booking, we ask that you pay a 1/3 deposit on total, we can estimate this on the lower number of guests and function type, then another 1/3 due 6 weeks before the wedding and the balance on the day. After the first deposit of 1/3 we will allow a 2 week cooling period after we receive payment. After this time your deposit is NON REFUNDABLE.

If you have further questions, or would like to discuss an individual quote or booking do not hesitate to contact us by phone, (07) 54 429 242 or email mail@spottedchook.com

Thank you again for your enquiry, The Spotted Chook does make a magical wedding venue and we will be delighted to make your day exceptional.

Run of the Inn

Sometimes people ask us why weddings and functions are costed differently to our usual set menu for guests, as you can imagine, holding a wedding here requires our full attention for the entire day, and often late into the night. Prior to the wedding there is significant organization and on the day there are questions to be answered, flowers to be received, furniture to be moved, tables to set, cups of tea to be made for brides, mothers and bridesmaids, making a wedding special does not “just happen”. With so many extra people in the house there is wear and tear, and extra insurances. There is also the setting up of the Gazebo and garden area.
